

Oh neighbor, neighbor, neighbor,
Lend me a lattice, a lattice:
I will shake my torment, shake it,
I will bring it tomorrow morning, I will bring it.

Oh Hungarian, Hungarian, Hungarian,
Lend me a mirror, a mirror:
I'll twist my mustache, twist it,
Tomorrow I will entrust you, I will entrust you.

Oh girl, don't believe me, don't believe me
Because I'm a traveling guy, a traveling guy:
I travel here and there, here and there
Girls, girls likes me.
